

Certificate of Conformity

Certificate num.	Registration date	Version	Issue date	Valid until	Page 1 of 2
afp - 2453	24-Sep-2010	Number 19	21-Mar-2025	30-Apr-2026	

Product designation

Firex, FXAF Series, 9 litre, foam type portable fire extinguishers

(Refer to the Schedule/enclosures for further specified details)

Agent/distributor

Firex Distribution (Australia) Pty Ltd
14 Distribution Place, SEVEN HILLS, NSW, AUSTRALIA, 2147

Registrant

Firex Distribution (Australia) Pty Ltd
14 Distribution Place, SEVEN HILLS, NSW, AUSTRALIA, 2147

Producer

Firex Distribution (Australia) Pty Ltd
14 Distribution Place, SEVEN HILLS, NSW, AUSTRALIA, 2147

Conformance criteria and evaluation

The Firex, FXAF Series, 9 litre, foam type portable fire extinguishers have been evaluated and verified as conforming with the relevant requirements of the following criteria.

1. Australian/New Zealand Standard AS/NZS 1841.4:2007, 'Portable fire extinguishers - Specific requirements for foam type extinguishers'.

Limitations/conditions of conformance

Limitations/conditions of conformance, where identified on this certificate, are derived from qualifications from evaluation(s) for conformity and/or other related technical documentation. All details with respect to design, assembly and installation instructions and restrictions should be checked against the producer's current technical manual/data sheets and the requirements of the Authority having Jurisdiction.

Specified limitations/conditions, determined from the evaluation for conformity, include the following.

- i. This equipment should only be used for the classification of fire for which it is rated. (Ref.: AS/NZS 1850).
- ii. Foam type fire extinguishers are suitable for use on Classes A and B fires; should not be used on fires involving live electrical equipment or in any sort of electrical environment.

This certification is issued within the scope of CSIRO Verification Services – Rules governing ActivFire Scheme and is valid only for the product(s) as submitted for evaluation and verification of conformity, subject to the following conditions.

- Reference to details, limitations and requirements, where documented as a schedule/enclosure with this certificate.
- The Registrant is responsible for their attestation of conformity and ensuring that on-going production complies with the conformance criteria defined in this certificate.
- This certificate will not be valid if any changes or modifications are made to the product which have not been notified and validated by CSIRO Verification Services.
- This certificate is subject to periodical re-validation upon verification that all requirements, as determined by the conformity assessment body, continue to be satisfactorily met by the Registrant.
- This certificate may only be reproduced in its published form, without modification and inclusive of all schedules/enclosures.
- Any changes, errors or omissions, must be submitted in writing and if necessary or requested, substantiated with relevant evidence.
- Any representations, such as advertising or other marketing related activities or articles shall reflect the correct contents of this certificate and conform with all relevant trade practices and consumer protection legislation and regulations.
- Any terms or conditions of use as applicable to content and documentation as published or accessed through web sites administered by the CSIRO Verification Services.

Technical specification

The following details are a representative extract of the technical specification for the Firex, FXAF Series, 9 litre, foam type portable fire extinguishers and may be subject to change. Complete and current details should be determined from the designated producer's technical manual/data sheets.

Schedule of variant designations

The following is a schedule of validated variant designations of the certified/listed equipment.

Model:	FXAF
Agent capacity:	9.0 litres
Agent type:	Tridol S 6% AFFF
Rating:	3A:20B
Operating pressure:	1000 kPa
Discharge time:	45 seconds
Physical characteristics	
Height:	630 mm
Diameter:	180 mm
Total mass:	12.5 kg
Construction	
Cylinder:	Stainless Steel, UV powder Coated
Valve:	Chrome plated Brass,
Handle:	Stainless Steel
Hose:	EPDM
FERN No.:	5665.04-100

Supplementary information

Schedule of relevant articles

The following schedule is an extract of articles significant and/or related as evidence of conformity.
